

Teaching Associate (Openings in [Chemistry and Biochemistry](#))

August 17, 2023 (Fall Semester); January 22, 2024 (Spring Semester)

Consult Department for current salary information.

- BA or BS degree in Chemistry or Biochemistry
- Enrollment in the Master's degree program in Chemistry or Biochemistry at CSULB
- Demonstrated ability or potential to teach
- Ability to communicate effectively with an ethnically and culturally diverse campus community

Teach chemistry in lower division classes under direct supervision. Courses may include Chem 90, 95, 100, 111A&B, 140, 223A&B, 251. Required mode of instruction may include in-person, hybrid, online, and/or any combination thereof. Teaching Associates must attend all mandatory TA training sessions and maintain good academic standing in the department.

Graduate students must be enrolled in at least 1 unit during each semester employed unless program courses are not available or all course work (except thesis) has been completed, in which case enrollment in GS 700 is permitted.

CSULB seeks to recruit faculty who enthusiastically support the University's commitment to the academic success of all of our students, including students of color, students with disabilities, first generation to college, veterans, students with diverse socioeconomic backgrounds, and diverse sexual orientations and gender expressions. CSULB seeks to recruit and retain a diverse workforce as a reflection of our commitment to serve People of California, to maintain the excellence of the University, and to offer our students a rich variety of expertise, perspectives, and ways of knowing and learning.

Letter of application (including current email address) addressing the minimum and desired/preferred qualifications, curriculum vitae, three current letters of recommendation, and a copy of transcript from

institution awarding highest degree. Applicants offered employment will be required to submit a signed SC-1 Form and an official transcript.

Position open until filled (or recruitment canceled). Review of applications are ongoing for Fall Semester and application review for Spring Semester will begin October 31. Applicant pool will expire annually on June 30.
