

As a partnership between California State University Long Beach and St. Mary Medical Center, the LBTRC was founded to address barriers to mental health services in diverse communities. We seek to improve the daily lives of people affected by violence, crime, and trauma by providing them with comprehensive services.

A BRIDGE TO HEALING

Mental health services for survivors of trauma and crime.

HA ED

We provide mental health and case management services to people who have experienced a traumatic event, are a victim of a crime, and/or are family members of a victim. Our services are provided at no cost and can be provided in Spanish.
